**HEALTHY
teeth are
HAPPY
teeth!**

Our Mission...

Here at Highlands Dental Care and Children's Dental care we provide the best dental care to our patients. We offer quality and affordability at all times. So what is it that sets us apart from the rest? We are a care first dental practice, changing the lives and smiles of patients everyday!

Dr. Tong's Tip of the Month: *Achieving a healthy, confident smile may be closer than you think! It is normal for your teeth to show signs of age. Think about all the wear and tear your teeth take --such as chewing three meals per day --everyday. It is no surprise your pearly whites could start to lose their shine. But with basic care and monthly check-ups, you can preserve your youthful, beautiful smile by brushing and flossing at least two times a day.*

Smile...Spring is Here!

It's that time again! Flowers, butterflies, sunny days, cool breeze and **HEALTHY TEETH!**

We're gearing up for a great season and we want you to join us.

Dr. Tong and his staff have a lot of great activities and events planned for you throughout 2009. We care about our patients, old and new, and enjoy showing our appreciation any and every time we can.

Smile!

Patient Spotlight

Happily Ever After

April 2009

Before

On a slightly gloomy Tuesday Morning, a patient and Kenya native by the name of Enid walks into Highlands Dental Care with her son, like a ray of sunshine, with the biggest smile across her face. Although Enid is smiling now, this was not always typical of her personality. Enid has always had dental issues, but began to worsen sometime ago. Her teeth began to slowly fall apart because of lack of care, maintenance and regular dental visits. "It became such an issue that I no longer wanted to go to work," says Enid. "I no longer did any of the things I enjoyed doing, like going to the gym or interacting with other people."

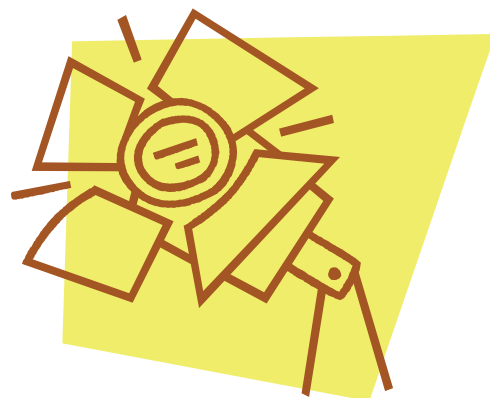

After years of progressive deterioration, Enid slowly slipped into depression. She spent countless hours on the couch doing nothing and rarely spoke to anyone, let alone, smiled. Her self confidence and sparkling personality began to dwindle until she set an appointment with Dr. Tong at Highlands Dental Care. Enid had visited other dental offices before but says that no one took the time to explain what was going on and did not really care to help her. She compliments The Highland Dental Staff on being cautious and courteous.

She says that Dr. Tong took the time to carefully examine her situation and told her exactly what needed to be done, step by step. Enid is pleased with the affordability and payment options, as well as the convenience of the location, which is only 10 minutes from her current residence of Germantown, MD. "You're not always lucky to find a good dentist near by."

Dr. Tong and the Highland Dental Care staff strive for excellence and satisfied patients and Enid is one of many. No matter how gloomy the weather outside, Highlands Dental Care is sure to brighten up your day...and smile.

"I am thankful for Dr. Tong. I love having a doctor that is so close to my home. It makes it so convenient for me. I highly recommend Dr. Tong because he is caring and cautious about his work, and helping others like me. I am so very thankful, and definitely see progress with each and every visit!"
