

The Smile Express

Volume 1, Issue 1

March 2008

Out With The Old, In With The New!

The waiting room has been remodeled with a state-of-the-art game area and a flat screen TV. This has allowed for more space so our patients can sit and wait comfortably to be seen by the doctor.

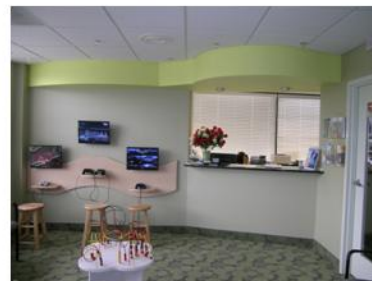

It's been ten years since Dr. Tong first opened his office in Gaithersburg. We have done renovations to the office which we hope will enhance the patient experience. The color scheme has been changed along with new carpeting, wallpaper and newly painted walls.

We have converted one of our offices into a private consultation room to give our patients a place to discuss their treatment plan.

Another major innovation to our office is our digital x-ray machines. This exposes the patient to less radiation and will produce images within seconds. Our patients will now have the

capability to view their x-rays on the computer screen, which we have installed at each treatment station.

We are looking forward to serving our patients for the next ten years and many more to come!

Meet Mikey

Meet our newest team player, "Mikey", a technologically advanced dental microscope.

This new gadget is a big help to Dr. Tong. It aids in lighting and magnification to detect and remove cavities. It also improves the detection and evaluation of coronal and root fractures and abnormalities. The microscope also allows the doctor to minimize the surgical site, thus reducing patient discomfort and healing time.

These are just some of the areas where the microscope is a vital aid. The next time you come into the office, make sure you take a look at "Mikey".

MEET THE STAFF

Kids want to be comfortable, entertained and respected. Adults want the best technology, the most informed doctors and the highest quality care. Here, we understand that kids and adults have different needs and priorities, and we address them all. That's why our office staff has extensive experience working with patients of all ages— to ensure everyone's dental experience is more enjoyable.

Creating A Beautiful Smile One After Another With the Highest Quality of Care!

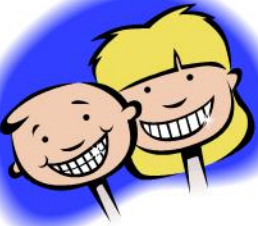

Candy Buy Back

This past November, kids had a chance to bring their Halloween candy to our office for a worthy cause. We partnered with an organization in San Diego called Adopt-A-Chaplain that packs the candy and send them to our soldiers serving in Iraq and Afghanistan.

We collected over 100lbs of candy!!! We gave the children \$1 for every pound of candy they brought in. We want to thank all the kids who so willingly gave up their treats to put a smile on the soldiers' faces;.

We are very proud to be a part of this effort and hope to make this an annual tradition.
